

# RC3502 DATASHEET

## POWER SUPPLY EXTENSION, F511

■ 300 W Additional Power

■ Extensive Failure Control

F511 is an extension of the RC3502/2 Power Supply from one to two units. F511 is installed in the power supply frame from the back of the cabinet.

## 1. Specifications:

- |  |                                       |
|--|---------------------------------------|
| 1.1 Dimensions:                        | Width: 137.16 mm (9TE)                |
| 1.2 Input Voltage:                     | 220 VAC, 50Hz nominal                 |
| 1.3 Output Voltages:                   | +5V/40.0A<br>+12V/4.00A<br>-12V/4.00A |
| 1.4 Heat Dissipation:<br>at Full load  | 390 kcal/h = 1633 kJoule/h            |
| 1.5 Power Consumption:<br>at Full load | 450 VA                                |
| 1.6 Efficiency:                        | 70%                                   |
| 1.7 Cable Assemblies:                  | CBL 065 (part of F511)                |
