

RC950 Internal Cabling

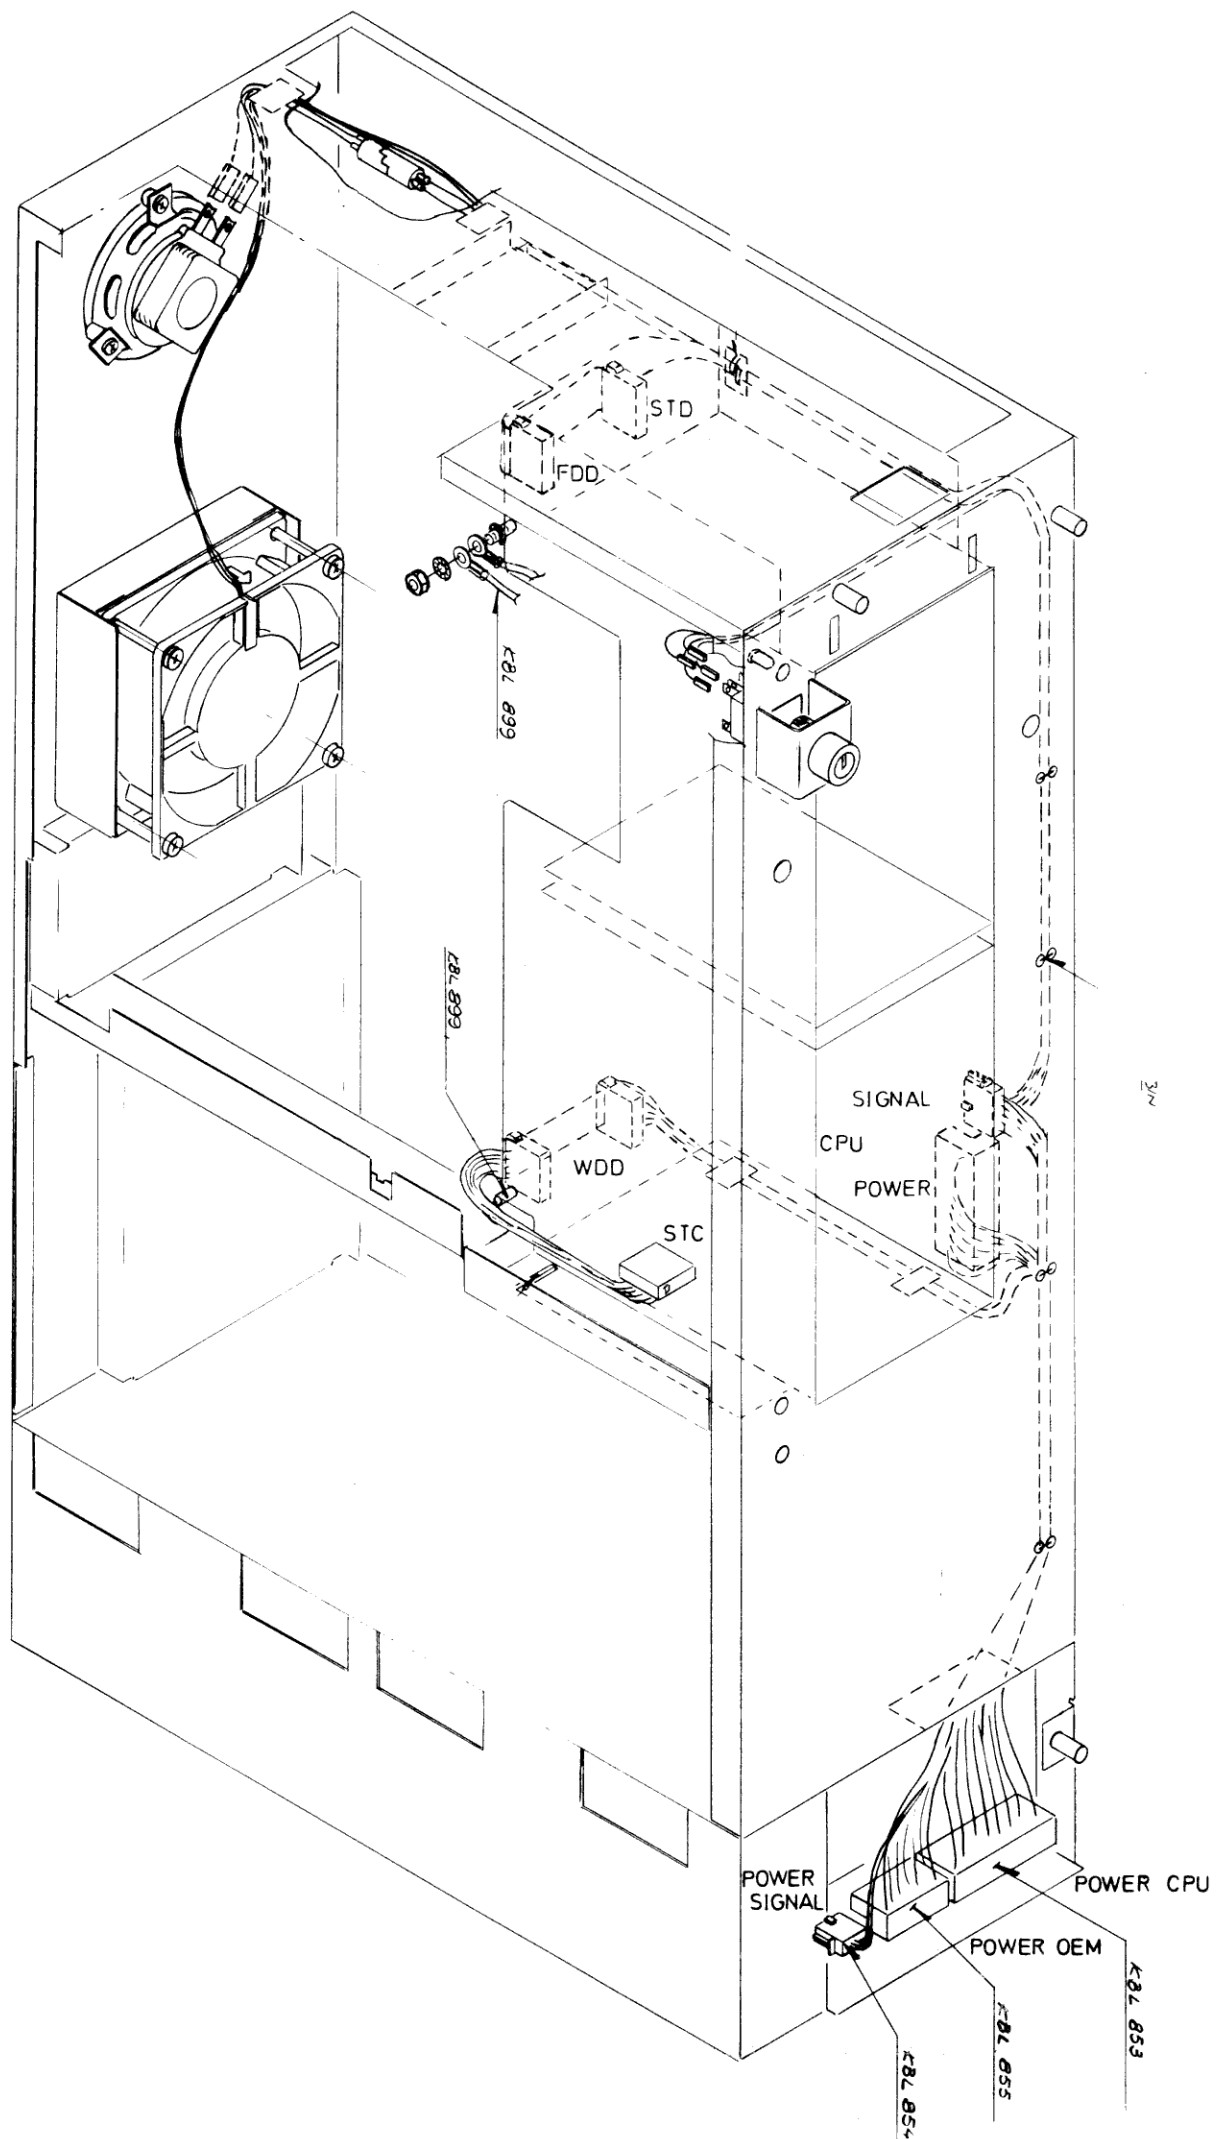

The drawing shows how the internal cabling in RC950 is installed.

KBL853 is the power cable to CPU451.

KBL855 is the power cable to disk's and floppy and streamer.

KBL854 is the integrated signal cabling between the modules POW451, CPU451, key switch, loudspeaker and the fan.

KBL899 is a chassis ground cable.
